This statement with the receipts were offered to Mr. Dallas who told me he could not receive them unless they were accompany'd with the muster roll from the commanding officer, which I informed him I had already demanded, but was put off, and I may truly say that I have demanded them of him every three months since. I believe Mr. Dallas wrote likewise to him on the occasion, as I wish'd him so to do, for I knew of no way to compel him to a settlement without the assistance of Mr. Dallas as I considered myself acting under him as Paymaster General to the Troops of this State on the Receipt of your first Letter I took Major John McElvey with me to him, I shewed him your Letter reminded him of his being the cause of it & insisted on his immediately making out the Muster and Bounty Rolls or I should be oblig'd to expose him after a short Pause he requested twelve Days the last I heard from him on the subject was that he had lost his Papers and could not comply. He said he paid considerable sums of money for Provisions for the Troops, which I believe to be the case, for they were ordered to rendevous at Newtown and

no provisions made for them. for which they look'd up to him as commanding officer, and I have Reason to believe if he had not supply'd them, they would have returned to their homes as some of them did, even after receiving the bounty money, and never returned again. Between the time of my calling on Col. Hanna & hearing last from him I had the misfortune of have one of my Legs badly broken and a severe Fit of the Gout in the same foot & Leg which has crippled me in such a manner that I have little Expedition of getting on my Feet again this Winter or of ever being able to walk again as heretofore. I should not have given you the Trouble of sending a second time as I intended sitting out for Lancaster about the Middle of Septr. seeing no Way that I could possibly get the accounts to your office with any certainty. My present situation is such as precludes me from doing any Bussiness for myself without the assistance of my Friends.

If the accounts of the Western Expedition have come to your hands, I will be very thankful if you will consider mine, which stands nearly as follows—marching orders Sept. 11th had the misfortune to be thrown from my horse the first days march of the Troops by which I was exceedingly cut and bruised & unable to join the army till the 21st of October at Bedford. I drew neither Rations or Forage for myself or servant till that time and from that time only one Ration each per Day till the Troops marched from Fort Pitt homewards at Bedford drew nine which was all I had, nor no Forage from Carlisle till Discharged. From that time till this no Person by my orders or otherwise for me has ever received a Dollar except that which was put into my hands as Bounty.

GENTLEMEN:—

I think that I ought to be allowed something for attending to the mustering, marching and paying the above militia. My trouble was not much inferior to that of an officer on the expedition.

The Brigade Inspector was sick and the whole duty devolved on me with the assistance of the marching officers. This however must depend on any discretion given you under the Law and upon the Justice of Mr. Dallas under whose orders (as paymaster) I acted. The rest of the business would have been left undone and the service left to suffer had I not stept forward. The Accounts or Vouchers it is hoped will be satisfactory. By reference to my notes on some of the receits you will find that five or six of the men who marched were paid after the return of the army on the certificates of their Commanding Officers. Some others who would not take the bounty when mustered fearing it would be construed into an Enlistment for an excursion into the Indian country have never received any; they complain loudly. I shall procure their names and the proper vouchers & bring them down with me in a short time and before the final adjustment of the Paymaster General's Account. When I first had the favour of your letter on this subject two of the Returns were mislaid

owing to my carrying them to & from Phila several times, but now I transmit them as I received them.

I am Gentlemen with respect

Your Obed't Servant,

JOHN A. HANNA.

If any further information is wanted the Stageman by whom you sent the last letter is a safe opportunity.

Alexander James Dallas Ano as Paymaster to be credited by amo. John A. Hanna's amo. of bounty paid the detachment of Dauphin County Militia which joined the army in 1794 to Suppress the Insurrection in the Western Counties.

250 Men @ $6	$1500
Ded. unvouched 6 @ $6	36
	$1464

N. B.—In the settlement of Mr. Dalla's amounts 12 July, 1800, his actual balance is reduced by bringing into view monies advanced by him to persons to Pay Bounties, among whom is Mr. Hanna $1460.

Mr. Hanna will settle with Mr Dallas for the difference.
